I admire the courage you showed right up to the end and I will miss hearing your life stories that you'd tell with such dramatic flair and your kind generosity that you showed to anyone in need, even when you didn't have much yourself. Your personality was so uniquely animated..... You've left your mark in the minds and hearts of all of us lucky enough to have called you "friend". Rest in peace,.....till we meet again.

Gone but not forgotten. We had some good times together and went through some bad times too over 40 years. You will be missed.

“Hi uncle! My favorite memory with you hands down is the night Elisia and I sat in your room with you while went over some of your favorite wild memories while you listened to some of your favorite music and sang your heart out. I will cherish that night forever. Another favorite is memories of you fixing your hair and spraying lots of Aqua-net in it when I was little lol. I love you and you are forever in my heart.
