“ *As heaven gains another angel we will be missing you from down on earth. We will be truly missing your wonderful smile and especially kind heart. As I think about the past wonderful memories are flowing from my mind. As a young child I'm remembering fond memories of movie nights, yummy dinners, and from my last moment we spent time you... You taught me how to play dominos. I remember playing and laughing just having a ball. And now those memories have come to an end but I will always remember you...*

Thank you for sharing memories with us,

Always and Forever

“ *" My Love goes out to everyone that knew my Aunt Jackie , Especially my Uncle Lloyd and Jack Stout and his sister Kimberly Stout ! I always had a love for my Aunt Jackie as a kid because she just seemed so cool to me ! She has this way of laughing all the time and you never knew for sure what it was about ! As we get older we see less of our families and that is something I regretted about my California family ! I would show up at family reunions hoping to see them ! I would always be disappointed when they weren't there because I just knew it would be one more year without seeing them and telling them I loved them ! Jackie you meant a lot to me and I'm so sad that I never got to tell you that enough ! We are a very blessed family for being able to share you as long as we did ! I will miss you , tell my mom hello for me Jackie , you and her have a lot to catch up on in the heavens ! I love and miss your spirit already ! God cover this family with strength and love during this incredible loss right now ! The journey is hard but have this family remember the joy they knew in loving Jackie !*

“ *My sincere sympathy goes out to my Uncle Lloyd, her children and grandchildren. Aunt Jackie will truly be missed. She is one of God's angels now. She will always be with us in spirit. She left behind many loving memories. A memory of mine of Aunt Jackie was that every time she caught me chewing gum, she would tell me to go spit it out! I would go spit it out because she had a way of letting you know that she meant it. I then, would go get more gum and she would always catch me. She would chase me around till I got rid of it. I didn't get to see her as much as I would have liked to but when I did see her there were always memories to be had. I will miss her. I send my love to the family and pray that God will wrap his arms around all of you and ease you through the months ahead.*
